Wednesday 17th July 2.00pm Reception

Thursday 18th July 2.00pm Year 1

Friday 19th July 2.00pm Year 2

All families welcome!

Happiness Day!

On Tuesday 23rd July we will be celebrating Happiness Day! As part of this the Eco Council would like to fundraise for their nominated charity 'World Land Trust'.

They would like all staff and children to donate a coin/coins for coming to school dressed 'In the Colours of Nature' ie green, brown, yellow etc.

Tuesday 9th July

We are sure you are aware that we had to request medical assistance due to an accident on Tuesday. The staff team acted swiftly and the child was supported brilliantly throughout. We understand that some of you think the Air Ambulance flew by...this is not the case at all!

Attendance

Our Attendance for this week is 95.22%

Classes achieving 95% and getting an attendance star are:-

Message from Mrs Waters

The summer break is drawing ever closer and next week we look forward to reflecting back on 2018-19 by watching our three Showcase Shine Times. This is always one of my very favourite parts of the year because we can see how much the children have learnt and, more importantly, how they have grown in confidence. There are usually a few tears shed, especially in Year 2, so bring your tissues! We hope you all agree that we've had another great year together. We feel privileged to be part of your child's learning journey and we are so proud of each and every one of our little stars.

Let's enjoy the final 7 days of 2018-19 together!
With thanks for your support in enabling your children to SHINE!

EYFS

This week we have changed the characters in 'The Three Billy Goats Gruff' story to jungle animals instead! In Maths we have used the story 'The Great Pet Sale' to explore money. We have enjoyed buying our own 'puppet' pets with coins. We have also had fun doing lots of exciting activities for our 'Fit for Fun' week!

Year 1

This week in Maths we have been exploring making different totals using various coins. The children have explored different ways of combining coins to make the same amount....it takes a long time if you just use pennies! We have enjoyed taking part in the different 'Fit for Fun' activities, especially parachute games and mindfulness sessions.

Year 2

We have been using perseverance, determination and resilience to solve problems in Maths. We have been reading problems carefully to find out what the question is asking, using their knowledge of number to decide the best way to solve a problem and trying different combinations to find the correct answer with some great achievements! We have been busy rehearsing for our end of year Showcase Shine Time and can't wait to share the fantastic year that we have had with you!
