Maths

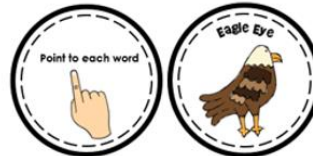

This week in **Maths** we would like you to explore different ways of adding numbers within ten. (Number bonds). Think creatively about how you can explore this.

Here are some ideas.

Reading

This week in **Reading** we would like you to work on using these reading strategies in your 1:1 reading books.

Use your finger to track words as you read aloud. Use your eagle eyes to find clues in the pictures to solve unfamiliar words and to discuss what is happening.

Read the e book '**Some dogs do**'  
<https://www.booktrust.org.uk/books-and-reading/have-some-fun/storybooks-and-games/some-dogs-do/>

Writing

This week in **Writing** we would like you to practise forming the cursive letters 'r' 'n' 'm'. Always start from the lead in.

Down his back, then curl over his arm (robot)

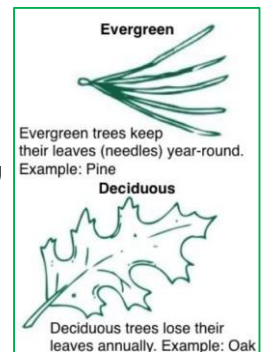

Down Nobby, over his net

Maisie, mountain, mountain

In Science we have been thinking about Plants and learning about Evergreen and Deciduous trees.

Can you **write a list** of as many types of **Evergreen and Deciduous trees** you can find out about?

# Reading

Here are some **tricky words** to practise reading. Talk about the tricky part in each word. Which part can't we sound out? Look for these words in your reading books.

*the*

*to*

*no*

*I*

*go*

*he*

*she*

*we*

*me*
