### Personal, Social & Emotional

This week we would like you to think about what you are good at. How many things can you think of?

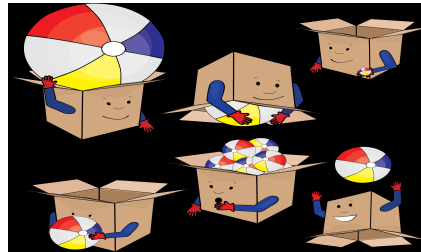

You could draw a picture of something you are good at or even make a book all about you!

### Communication & Language

This week we would like you to practise understanding prepositions such as 'under', 'on top' and 'behind' by carrying out an action or selecting correct picture.

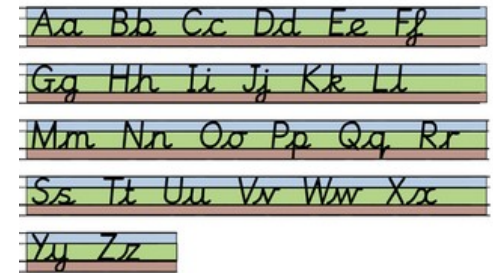

You can play a game like 'Simon Says' or 'Put the teddy...' where you carry out an action, or use pictures and find the one an adult says.

### Physical Development

This week we would like you to practise recognising and writing your name.

This can be done in a fun, practical way such as going on a 'name finding' treasure hunt or writing in sand, glitter or with paintbrushes and water. Don't forget you were given name cards in your pack when you started school!
