Personal, Social & Emotional

This week we would like you to practise using your senses.

Parents – hide some objects in a feely bag or box. Try and find things that feel different, that smell nice, or have a sound e.g bells, oranges, fabric or toys.

Ask your child to reach in and pick something. Can they guess what it is by feeling, smelling or listening to it?

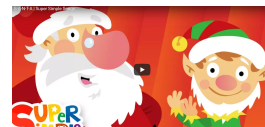

Communication & Language

This week we have been learning more songs and rhymes. The children have particularly enjoyed singing Christmas songs. Spend time singing songs and rhymes together. If you start a line of the song, can the children finish it? I have included links to our favourites this week.

Physical Development

This week we would like you to practise your fine motor skills.

Freeze some objects in some ice. What tools can your child use to free the objects? Can they use their hands, cutlery, toy hammers etc?
