The Week-

Message From Mrs Marks

Throughout the year, we have had a focus across the school on developing the teaching of Phonics. Staff have partnered up to coach and provide constructive feedback to one another. We have visited other schools in London as well as taking part in several training sessions. This week we have seen the impact of all this hard work when the Senior Leadership Team observed lots of fantastic Phonics lessons!. The sessions not only showcased the expertise of our staff but also demonstrated how much more engaging and active these sessions have become.

We have been forecast great weather for Saturday so enjoy everybody!

EYFS

This week the 'Animal Rescue' team contacted us to tell us an animal had gone missing! We created missing posters and put them up around the school to help us try and find it. In Literacy we have started exploring the story 'The Three Billy Goats Gruff'. We have created a story map and have thought of actions to use to help us retell it. We have also thought about the beginning, middle and end of the story. In Maths we have carried out a lot of problem solving activities using shapes.

Year 1

We have had a creative week developing our ART skills. We have learnt about the artist Van Gogh and become art critics by comparing and discussing some of his most famous pieces. We have also studied his 'Sunflowers' painting and tried to recreate it using pastels. We have used leaves from our outdoor area to draw from observation, concentrating on their shape and patterns.

Year 2

We have been looking at aerial photographs of Peterborough to decide the best place for the circus to visit. We had to consider the amount of space that would be needed, how people would travel there and any noise factors. In groups we eliminated landmarks in Peterborough that would not be suitable and then presented our ideas on 'Pic College' to share with the class. We loved using Google maps to find familiar places in our city and some of us even found our own houses!
